

Linear Modules

Description:

The Linear Modules unit quickly and easily turns any pre-roll video campaign into an interactive and engaging brand experience. While the advertiser's video is playing, a branded set of interactive icons are presented that supports a wide array of modular features from social feeds, linking to social brand pages, photo and videos galleries, YouTube videos, store locators and much more.

Available On:

- AOL ON (O&O Properties)
- AOL ON (Partner Publishers)
- ONE by AOL: Video Partner Publisher Inventory
